### Plus Software Upgrade

Along with the new map and points of interest, the map update includes refinement of the system including routing, functionality, and overall ease-of-use.

# Highlighted Features Added

The below features were added during different periods. If your current map version is the same or newer, these features would already be in your system.

**SPECIAL NOTE:** If current map version in vehicle reads NA.11.41.52 (Version 12) or higher, the new SD card will be a **map update only**. No software upgrade will occur (inserting new SD card results in plug & play). To check the map, press SETUP and System Update.
